

appendDoublyLinkedListAtNext

appendDoublyLinkedListAt  
Previous

createNewDoublyLinkedList

```
graph LR; A[appendDoublyLinkedListAtNext] --> C[createNewDoublyLinkedList]; B[appendDoublyLinkedListAt Previous] --> C;
```

The diagram illustrates a dependency or flow where two methods, 'appendDoublyLinkedListAtNext' and 'appendDoublyLinkedListAt Previous', both point to a common method 'createNewDoublyLinkedList'. The arrows are blue and point from the left boxes to the right box.
